Media Release

InfoBeans Technologies Ltd. strengthens presence in Middle East

Acquires three new clients in the region

Offers a range of customised technology solutions

August 8, 2017, Indore: InfoBeans Technologies Ltd. (InfoBeans) is proud to announce the signing of new Dubai based clients. This is continuation of the Company's growth strategy to expand its global footprint.

The projects are for duration of 6 months and will create an opportunity for InfoBeans to strengthen its presence in this region.

- **Smart Dubai Government Establishment** (also known as Smart Dubai Gov or SDG) is the technology arm of Smart Dubai, a city-wide initiative to transform Dubai into the world's smartest and happiest city. InfoBeans will contribute to this initiative by developing a survey management and distribution portal for SDG in .NET
- **Advance Digital Media** is a leading regional digital strategy company. InfoBeans will engage with Advance Digital for multiple customised design and development needs including a redesign and development of their content management system to display programs, event management system for Baynounah TV and other requirements
- **Dubai Chamber of Commerce & Industry** is a private non-profit organization which supports the business community in Dubai and promotes Dubai as an international business hub. We are privileged to be associated with such an illustrious body and develop their mobile App on Ionic platform

Commenting on these client acquisitions, Mr. Siddharth Sethi, Co-founder & CEO, InfoBeans Technologies Ltd said:

"We are proud to have added prestigious client relationships in the Middle East. These associations will go a long way in establishing brand InfoBeans in the region. I thank the team who has worked relentlessly and consistently delivered results. We look forward to creating WOW!"
