For those sleeping hungry during lockdowns...

Food Delivery

We embarked on a mission to deliver meals during these lockdowns through Jeevan Shala Visarjan Ashram, Citizen COP Foundation, Aahar Foundation and Credai.

As of May 17th, we have delivered **235,000+** meals:

135,000+ meal packets from Madhovastika kitchen

75,000+ meals (**7,000+** kg dry ration) from Visarjan Ashram

25,000+ meal packets from C21 kitchen

A bridge between those in need & those who can help

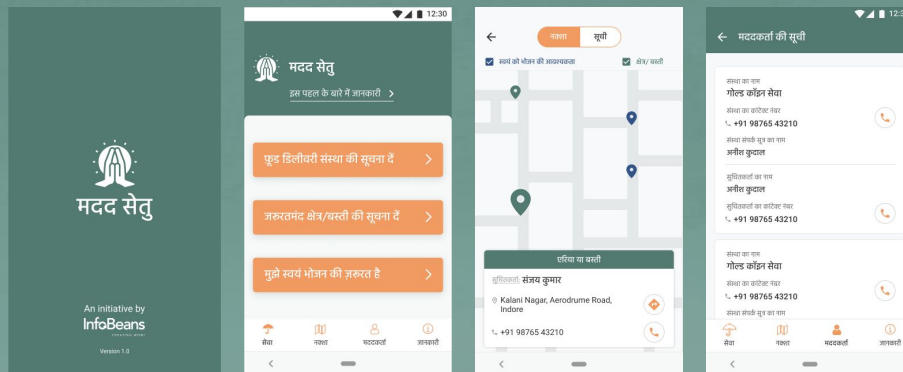

Madad Setu Android App

InfoBeans made a humble attempt through this launch of Madad Setu (Help Bridge) Android app, to help the food delivery organizations coordinate better with families in need so help can reach where it is needed the most. Key features of the app

SEVA | Share information about areas that need food

NAKSHA | View individuals and community clusters on map where help is needed

MADADKARTA (Vitrans Sanstha) | Know about NGOs that can help deliver food

Confidential - For InfoBeans Board use only

For those who are fighting on the frontlines for us...

Medical PPE Delivery in Indore

We have worked closely with Indore Police and MGM's COVID-19 Task Force and delivering masks and PPE to them.

We delivered (all MGM-approved) 5000+ masks (N95, surgical, respirator, filters), 700+ PPE kits and 1000+ bottles of hand sanitizer

Medical Mask Delivery in USA

In addition to this, we delivered 200+ FDA-approved N95 medical masks to healthcare workers at the Mt. Sinai Hospital in New York City

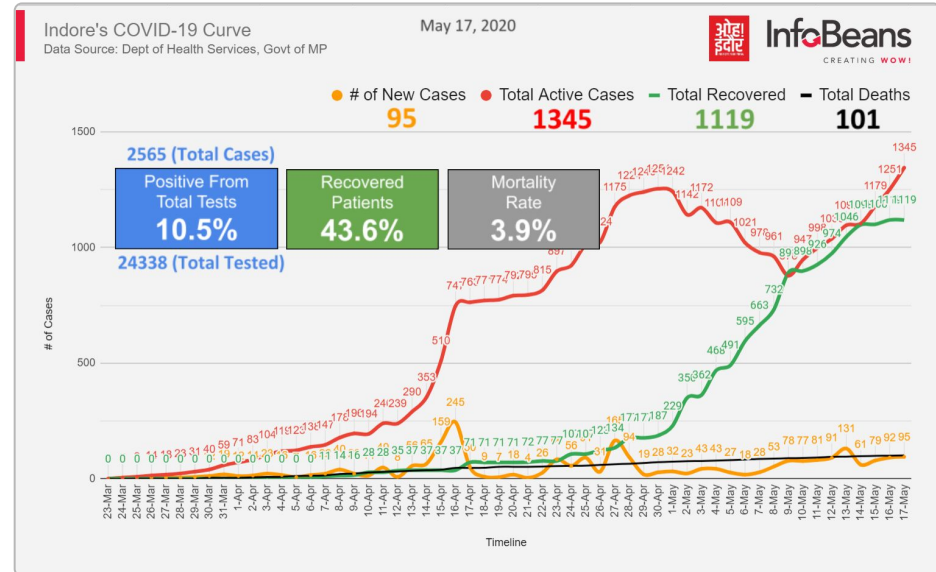

For those who are staying home and fighting together...

COVID-19 Tracker

We are engineers and mathematics is at the heart of how we understand and interpret the world. COVID-19 tracker is an attempt from InfoBeans in collaboration with Oh Indore, to let people know what is the most important information to track.

Our team has been working on daily analysis and publishing of ongoing COVID-19 statistics in the city of Indore.

For those using technology for direct outbreak response...

Volunteer work with NeedsList

InfoBeans team members volunteered their work hours in helping NeedsList with their automation framework and test case design. The team continues to work for free through the end of June, and will continue if more help is needed beyond June.

NeedsList is working in the US helping with direct response to the Corona outbreak through their platform.

For those using technology for direct outbreak response...

Covid Kavach App

Our team volunteered to work on full cycle functional testing of Covid Kavach App under NASSCOM initiative. This app was designed to assist the Ministry of Electronics and Information Technology in tracking Covid cases across India and will be merged with the Government launched Aarogya Setu App, a bluetooth-based Covid tracker.

Updates for the last quarter

- We completed the food delivery mission by delivering 314,000+ meals during these lockdowns
- Employment generation through afforestation is the new initiative we embarked upon to enable local labor to be gainfully employed while contributing to the green movement for the city of Indore
